

Municipality of Jasper Tax Facts 2009

How does the Municipality determine how much to collect in taxes?

The Municipality is required by provincial law to collect Alberta Education Tax in the amount set by the provincial government. In 2009, Education Tax is \$3,041,693 (2008 - \$3,201,753).

Each year, the Municipality contributes to the Evergreen Foundation to help provide seniors' housing in our region. In 2009, the Evergreen requisition is \$324,060 (2008 - \$120,326).

Municipal taxes for 2009 are \$5,621,341. Of this amount, \$572,095 is due to Parks Canada for community land rent and planning services. In 2001, before municipal government, approximately \$2.4 million was paid to Parks Canada in land rent and other charges.

Total taxes collected in the Municipality of Jasper in 2009, including Education Tax and the Evergreen contribution, increased by 1.7% from the total 2008 collections.

Do residential and commercial taxpayers pay at the same rate?

No. For the Municipal and Evergreens portion of the taxes collected, Jasper has a commercial/residential tax split of 5.1 to 1. This means that if a residential taxpayer was paying \$1.00 per \$1000 of property value for municipal taxes, a commercial taxpayer would pay \$5.10.

Commercial and residential education tax rates are also different. The Province of Alberta determines the commercial and residential rates for Alberta Education Tax.

Are in-town and out-of-town tax rates the same?

No. Out-of-town taxpayers pay municipal taxes only for the services provided outside the Town boundary by the Municipality of Jasper. These include contributions to Community and Family Services, Culture and Recreation, and the Jasper Library.

Out-of-town tax rates for Alberta Education Tax and for the Evergreen's Foundation contribution are the same as in-town rates.
