6	Curious to see how diligent the Municipality will be with enforcement of rules. If it's anything like two hour parking, we're in trouble. I would like to see rules that limit or disallow smoking in public places. Some municipalities are being very aggressive with this approach of limiting public use.	6/8/2018 8:53 AM
7	I would say this service will serve visitors as well as locals.	6/7/2018 10:56 PM
8	I am highly allergic to even just the simplest exposure to the smell, even before it is lit to be smoked. This results acute fussiness and pretty instant vomiting. ...and I do feel that a person that may have similar issues like me has equal rights and needs to get their downtown chores done without having to be impacted negatively.	6/7/2018 3:51 PM
9	Hoping that advertisements are limited to be natural in appearance and that no claims to medical use of the cannabis can be allowed since it is not approved health indications as per health Canada	6/6/2018 8:19 PM

12	I agree with the basic premise of these guidelines. And like all businesses, the operation that supplies the best product and service, will be the most likely to be most profitable. I'm not saying we need as many weed stores as we already have liquor stores. But I do think that we cannot limit the number of weed stores. If they all make money...great! If not. THAT is how to manage the number of stores allowed to sell these products.	6/4/2018 5:13 PM

18	Should be allowed given national legislation, but should be limited in number of stores and hours as not really a critical good or service for the appreciation of national park values.	6/2/2018 12:49 AM
19	Cannabis should not be considered like cigarettes, the use should be limited to private properties like alcohol	6/1/2018 7:55 PM
20	No opinions really. I dont want it shoved down my face, I dont want to see it, but agree that for others it should happen	6/1/2018 12:57 PM

24	Just that I consider it very similar to the sale of alcohol and should be aligned closely with it.	5/31/2018 6:20 PM

25	The town should regulate vaping, smoking and cannabis the same way and keep it away from family/public places	5/31/2018 5:31 PM
26	I have no objections to sale and consumption of cannabis as long it does not disturb others. unfortunately, the way I understand to proposed Jasper legislation, it will be similar to smoking by laws. i totally disagree with it. i think it should be similar to liquor as a controlled substance. we can't even enforced the smoking by smoking bylaws in jasper in front of businesses. no one will enforce any cannabis bylaws as well. Jasper is an international and regional family destination , if we let cannabis smoking in public, this will give a very negative image. Especially on Connaught Drive where smokers are all blocking and polluting foot traffic including your children.	5/31/2018 5:24 PM

28	Sales need to be controlled and strongly monitored for legal compliance, failure to comply with Provincial and Municipal regulations needs to be punished swiftly and harshly. Perhaps a large fine for a first offence and a suspension of the business license (with an increasing duration) for subsequent offences.	5/31/2018 4:08 PM

32	No smoking in indoor or outdoor public places	5/30/2018 1:55 PM
33	I think this will take illegal, unsafe cannabis off the streets and we should allow businesses to take the risk of the retail shops on their own. I see cannabis as a positive addition to our community and if we do not look at these questions with liquor sales we should not look this deep into cannabis. Cannabis is a safer, recreational product than alcohol.	5/29/2018 5:00 PM
34	Implement with intelligence	5/29/2018 3:33 PM
35	I think the number of stores and hours will be self regulated, by that I mean that if there are too many stores, then some won't be successful just like other types of businesses. Hours will be dictated by what the market demands.	5/29/2018 1:57 PM
36	Retail hours should be similar to other retail outlets like drugstores, bakeries, etc.	5/29/2018 11:17 AM

50	Jasper has had several drinking and driving offences in the past few months. I feel bringing cannabis into the picture will create one more huge issue in our community. We need to put our community members and their children first. We also know that marijuana use is one of the highest in Jasper out of our entire country. I believe that number will only increase should we start normalizing this drug. We know one of the reasons teens use alcohol is because it is legal. Now, we are doing the same with cannabis. Unfortunately, we also know that marijuana is incredibly damaging to the teenage brain. Jasper youth deserve to be protected! Please do not allow any stores in our community and if you do please do not allow cannabis in any public space. Do you want your child breathing in cannabis fumes and thinking it is normal to get high? I don't! Jasper is an amazing place with so many amazing things to do! Let's give Jasperites and visitors to our town have many opportunities to find other ways to cope... hiking, biking, rock climbing, rafting, skiing, the museum, the library, aquatic and fitness centre, Chaba Theatre, and the list goes on... After all, we know people use drugs to change the way they feel. That's where other coping strategies come into play. I believe normalizing marijuana use will only create a bigger problem in our town than what it already is! It is our responsibility, as Jasper locals, to protect our youth, our community members and visitors to our community.	5/25/2018 9:37 AM

54	The same rules regarding smoking of cannabis should have the same guidelines as cigarettes. Smoking should not be allowed where the public is exposed. This should include apartment buildings, hotels.	5/24/2018 6:46 PM
55	A reasonable compromise to the residents is to place them in out of the way locations until we see how the community and visitors respond to the new cannabis stores	5/24/2018 6:31 PM

80	We need to keep in mind that people all over the world come to Jasper for the views, smells and fresh air. I would not want the legalization of recreational cannabis detract the beauty of Jasper. For example you are hiking the Bald Hills and all you smell is pot.	5/18/2018 1:23 PM

106	It's all great that recreational users will now be able to buy from a legitimate source. But remember there are people who use it as medication. So we need to come up with a system that works for everybody. If I'm in a non smoking house I need to be able to go outside somewhere to smoke my meds. I can't be "fully"restricted on where I can go, or there is no sense in legalizing it in the first place. I think smoking in school areas and around businesses should be treated like cigarettes. But if I'm away from public buildings minding my own business, we should be allowed to smoke/medicate anywhere someone can have a cigarette.	5/17/2018 10:55 AM

120	I do not think the sale should be permitted in any National Park	5/17/2018 3:20 AM
121	Smoking helps a lot with my sickness and it would be great to have access to a dispensary or even more here in Jasper	5/17/2018 2:46 AM

124	I don't think cannabis retail shops need to be anymore regulated than a liquor store. We have 5 liquor stores and they all manage to survive year round and be busy. Why should municipal government say how many cannabis shops there can be, let the people that want to open up go for it compete with each other. Any problem with too many stores will sort it out itself. For the record I do not use cannabis.	5/17/2018 12:00 AM

127	While the sale of cannabis products appears to be on the way to becoming legal, what consideration is being given to the advertising side of such a business? We see the weekly fliers with respect to alcohol products in towns and cities provincially; should this be the case in Jasper? My response would be no, as that might be considered promoting consumption . Some of our visitors may have certain "sensitivities " in that regard.	5/16/2018 11:42 PM
128	Cannabis should fall under the same rules as alcohol. No one can make a living when opening the (ie) 20th store in town but if they want to try they can who cares.	5/16/2018 11:36 PM
129	That people should be left alone to do things in a safe and mature way.	5/16/2018 11:16 PM

132	If a council member is planning on selling cannabis products in Jasper national park they should not be allowed to have a say in how the regulations would work. It would be a conflict of interest for a potential retailer to have control over regulations. such a situation could leave no other potential entrepreneurs to operate fairly. the store front must be wheelchair accessible so street level should be the only option.	5/16/2018 10:44 PM

136	Jasper needs to shine its coat, the town is starting to look worn out, adding this type industry to our downtown core will make it look even more beat up. Opening up stores beside good stores will make the town look pitiful, sidewalk are old in bad shape, many of the building exterior are not being up kept now we add the cannabis stores beside them. This town need to set limits and guide lines from everything from a cap on licenses, to times of operation, locations, exterior appearances and interior as well full and total control by compliance office for this specific industry	5/16/2018 10:14 PM

154	Town is full of liquor stores already. I don't think that adding few Coffee shops will make much difference. Especially when people who are high are usually more passive and calm than the drunk people.	5/16/2018 7:54 PM
155	No	5/16/2018 7:24 PM
156	I'm excited at the prospect of being able to safely use marijuana for both recreational and medicinal purposes. I believe it should fall under the liquor and tobacco guidelines and not be allowed to me smokes in certain places.	5/16/2018 7:08 PM
157	No	5/16/2018 7:05 PM

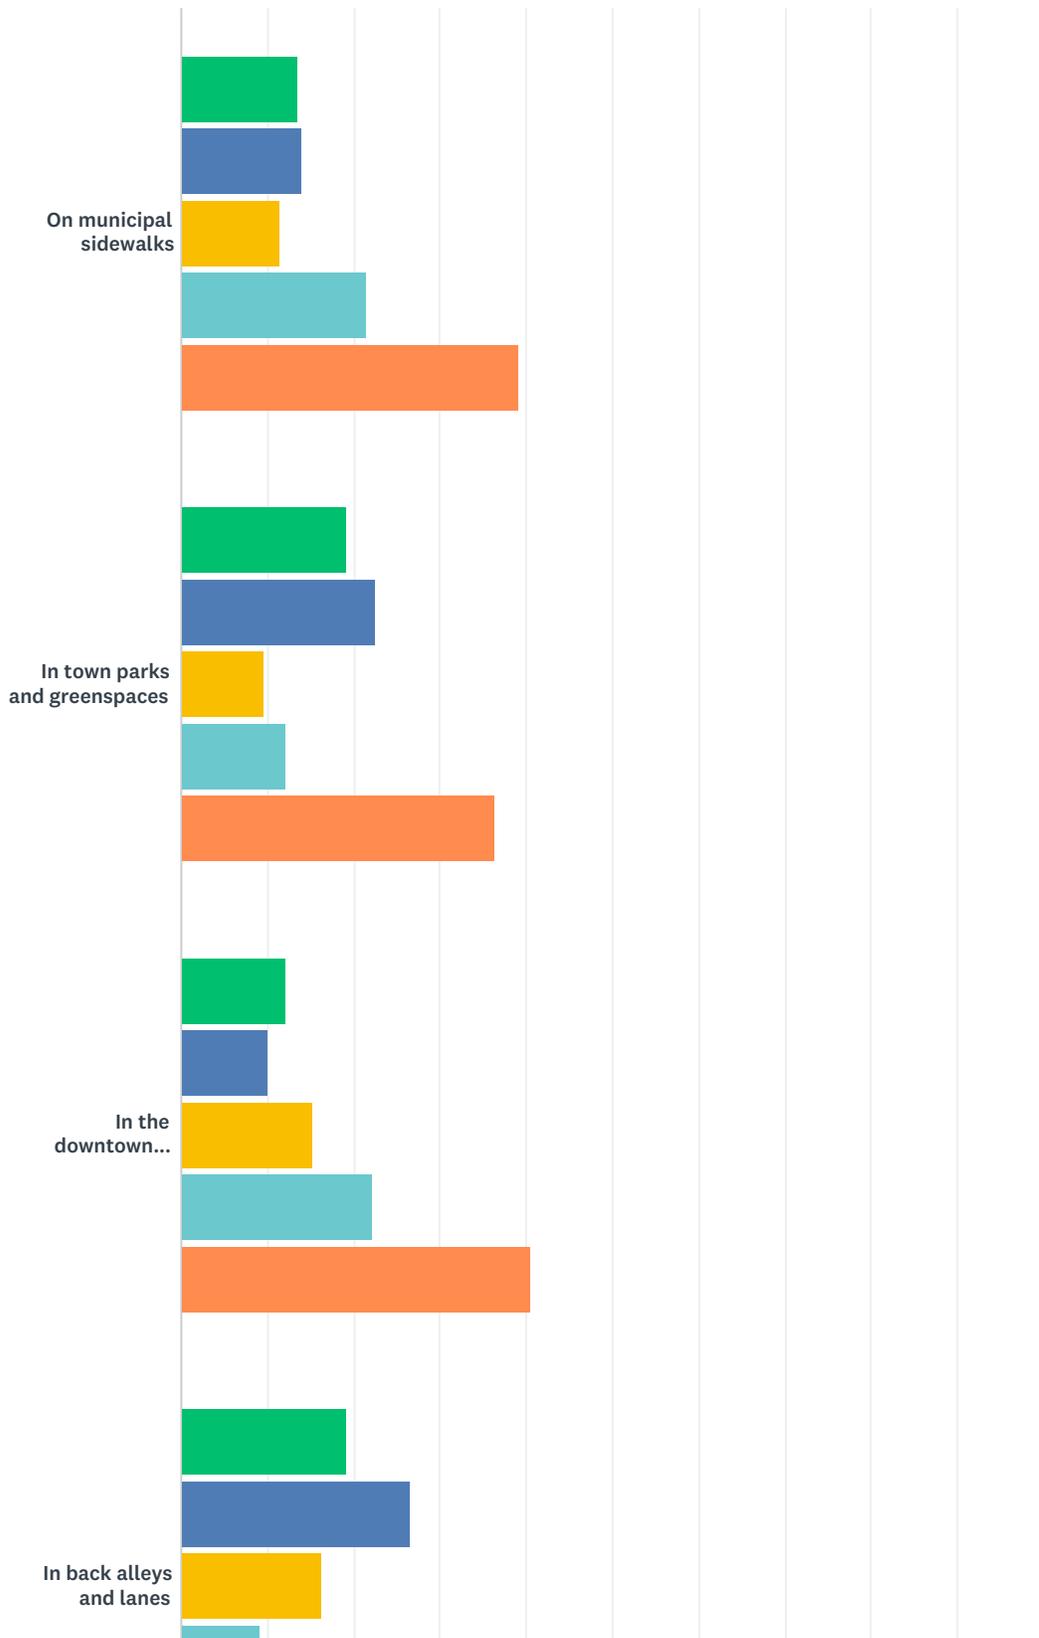

158	Its basic economics the town will support as many stores as it supports if too many open, one or more will close down. It is unfair to give one business owner what will be a very lucrative monopoly in this town.	5/16/2018 7:01 PM
159	buymyweedonline.com	5/16/2018 7:00 PM
160	This is ridiculous to restrict the number of stores or business hours this should be governed by supply and demand and hours set by the retailers themselves. Anything else is just heavy handed and unnecessary.	5/16/2018 6:58 PM
161	It should be available, but limited as much as possible.	5/16/2018 6:36 PM
162	Keep it away from children and non-smokers! Also, make a large fine for anyone throwing butts or cannabis trash in the streets.	5/16/2018 6:36 PM
163	I believe the cannabis laws should be the same or similar to the liquor laws, from purchase to consumption	5/16/2018 6:30 PM
164	No	5/16/2018 6:23 PM
165	Allowing it would be a huge mistake. The stink of the stuff will seriously degrade the experience of visitors and residents alike, not to mention safety issues.	5/16/2018 6:13 PM
166	No	5/16/2018 6:10 PM
167	Let it happen	5/16/2018 6:03 PM
168	I would like to see the streets and public spaces free of this smell. As it is now, before legalization, people are using this substance in public. I strongly disagree with this.	5/16/2018 5:53 PM
169	I don't think we need to be selling recreational cannabis in Jasper. VISITORS: There are 2 million visitors from all kinds of countries where it's not allowed and they may be tempted to consume it and 1) not able to handle it 2) will be caught doing illegal things back in their home country RESIDENTS: if someone really needed to have recreational cannabis, they can get it. It already happens illegally, I believe. Let's keep this town clean from this drug that will impair people's judgement and behaviour. People need to be alert to deal with the wildlife-human conflict issues that are part of life here in Jasper.	5/16/2018 5:44 PM
170	Should be nowhere near the schools	5/16/2018 5:43 PM
171	Should only be allowed to be sold in liquor stores	5/16/2018 5:40 PM
172	We have enough doped up people in this town and it's not even legal yet. I disagree strongly for it being sold in this town	5/16/2018 5:23 PM
173	It should be treated like cigarettes.	5/16/2018 5:21 PM
174	Advertising should be minimal. Kept mostly out of sight of children and teens.	5/16/2018 5:19 PM
175	None	5/16/2018 5:16 PM
176	Let it happen.	5/16/2018 5:01 PM
177	Jasper already has one of the highest marijuana use rates in Canada (per capita). The easier it is to access this drug, the quicker we will see a huge epidemic in our community. With Jasper being so high (no pun intended) with it's usage and Canadian youth with the highest use amongst all developed countries, I feel Jasper youth are at extremely high risk of developing problems in terms of abuse and/or dependence of marijuana. Please consider our children and their developing brains!	5/16/2018 4:52 PM
178	This is an intoxicating substance the rules for selling recreational cannabis should be the same as alcohol	5/16/2018 4:47 PM
179	I hope that it works out for all involved	5/16/2018 4:37 PM
180	I would like a clear definition of co-location in regards to liquor stores, for example, can a liquor store and cannabis store be next to each other?	5/16/2018 4:23 PM
181	No	5/16/2018 4:03 PM
182	No	5/16/2018 3:53 PM
183	With retail stores dying at an alarming rate at least there can be options to fill empty stores besides souvenir shops!	5/16/2018 3:52 PM

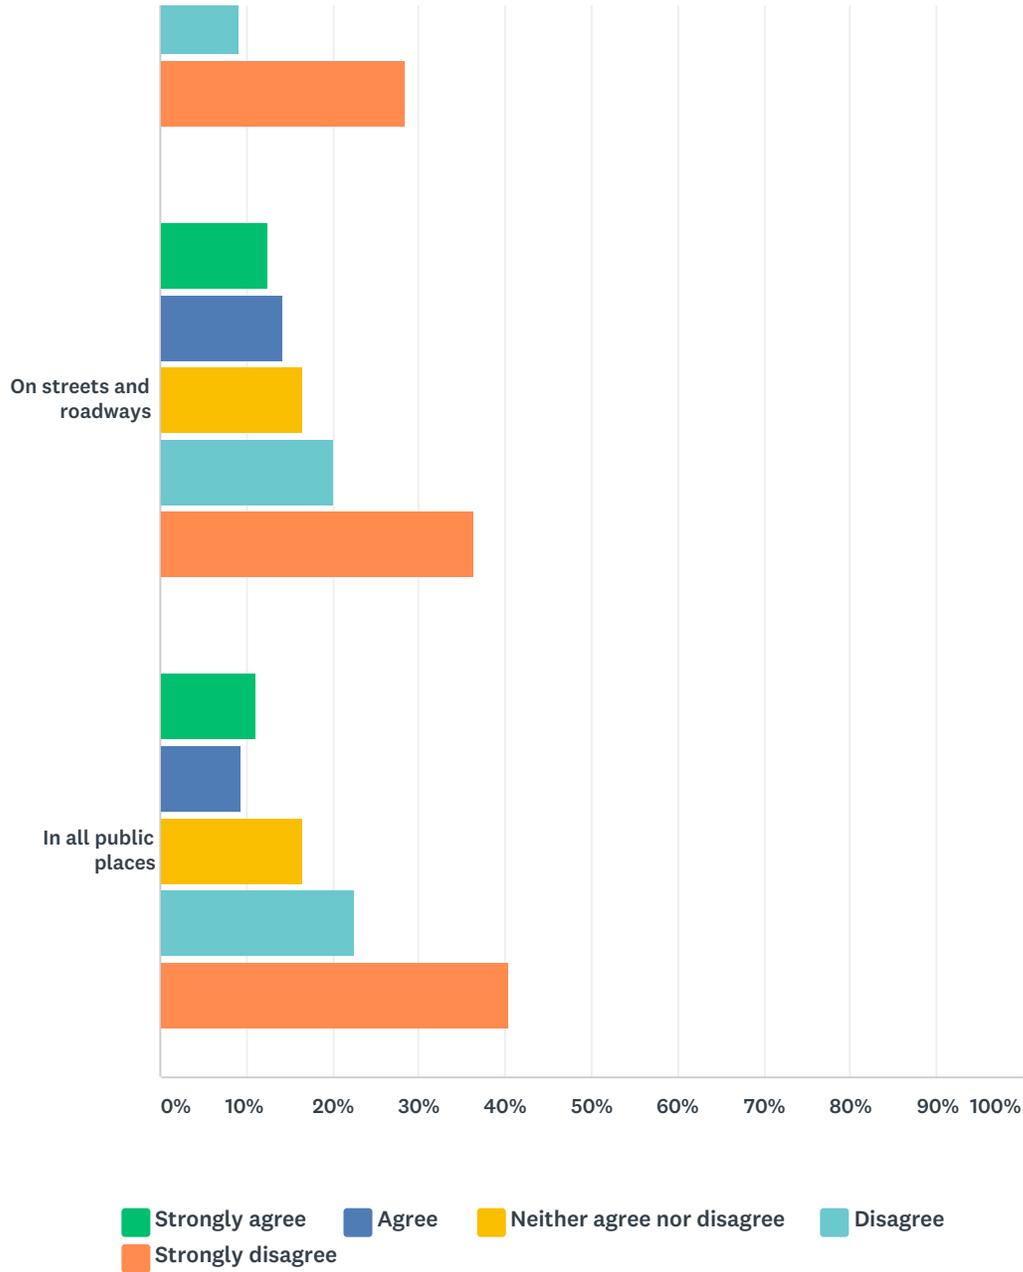

184	Yeah don't do it. It's a juvenile activity that won't do anything to better the image if the park.	5/16/2018 3:45 PM
185	no	5/16/2018 3:40 PM
186	I see nothing wrong with it.	5/16/2018 3:34 PM
187	Although it is not allowed to be sold in the same location as alcohol, I believe it should be regulated and sold in a similar fashion. I do not believe that it should be restricted to residents only, and that it needs to be approached tastefully as the liquor stores in town have done. Putting it in a basement continues to feed into that "underground market" or somehow making it seem "wrong". If sold above ground (street level or higher) it takes it out of that "grungy" setting. It needs to be approached with respect, and in a tactful way.	5/16/2018 3:30 PM
188	..	5/16/2018 3:27 PM
189	No comment	5/16/2018 3:24 PM

191	No, I think the necessary steps are being taken throughout the legalization process.	5/16/2018 3:18 PM
192	I think over-regulation of this new industry would be harmful to both business and consumers as it won't allow space for learning from the unpredictable realities of this new consumer product. I also believe that this service will be mostly a residential service for individuals using cannabis for both health reasons and recreation.	5/16/2018 3:11 PM

195	no	5/16/2018 3:01 PM
196	There is no good reason to control these stores any more than you would liquor stores, or coffee shops for that matter. Let the free market determine how many stores sell this product and from what locations.	5/16/2018 3:01 PM
197	Smoking in public should be prohibited similar to alcohol laws, however there should also be licensed premises where people can consume cannabis.	5/16/2018 2:59 PM
198	Thumbs up to Town Council for tackling this issue.	5/16/2018 2:57 PM
199	No	5/16/2018 2:54 PM
200	Should NOT be allowed waste of tax payers money to ever had this an issue in Canadian politics!! Should not be legalized or sold legally in any town or city	5/16/2018 2:51 PM
201	Keep it away from schools and playground parks	5/16/2018 2:49 PM
202	Shouldn't happen this is a beautiful town where you smell the fresh air and the mountains don't need it ruined by the smell of pot and dissociable behaviours that come with it	5/16/2018 2:47 PM
203	Don't bring that into the national park.	5/16/2018 2:45 PM
204	Let's get this done and done right! Cannabis is going to save the world. Tourism will blossom.	5/16/2018 2:44 PM

208	no	5/16/2018 2:25 PM
209	Would not want to see "head shops" where all other items used for promoting smoking legal weed would be sold ,like pipes etc...	5/16/2018 2:24 PM
210	Treat it like you would a liquor store, don't discriminate	5/16/2018 2:21 PM
211	N/A	5/16/2018 1:56 PM
212	No cannabis in Jasper	5/16/2018 1:54 PM
213	Unsure about limit on number of stores. I wouldn't be opposed to limiting them but am unsure of the implications of doing that. Frankly I think we should consider limiting the number of both cannabis and liquor stores.	5/16/2018 1:52 PM

214	I feel this is a positive route, a controlled, legal, store, with professionals in the business will not only aid patrons, clients, guests, locals, with the right source and benefits. It will deter the illegal substances that are now being made. These are harmful and can be harm individuals.	5/16/2018 1:45 PM
215	With Jasper being an international destination to enjoy nature, spend time with loved ones and family, promote wellness and awe of place, strong consideration to not allow retail sale of cannabis seems within the purview of the decision makers.	5/16/2018 1:37 PM
216	No	5/16/2018 1:32 PM
217	Competition in this area is important. By limiting to one store, it allows for a monopoly. The number of stores does not the availability of it in town. Cannabis should be treated under the same standards as alcohol, except when it comes to consumption, which could impact the lungs of others.	5/16/2018 1:20 PM
218	I do not want Jasper's streetscape ruined by blacked out windows.	5/16/2018 12:54 PM
219	Cannabis is proven to be the least harmful of all the intoxicants currently legal in Canada. Restrictions are foolish as this industry is going to be legal. Restrictions will only lead to further enforcement needs and undue legal process.	5/16/2018 12:21 PM
220	Why not have a cafe?!	5/16/2018 12:21 PM
221	Unlike alcohol...public use of cannibas / second hand smoke can be intoxicating to children and pets...what about pot smoking on the street? http://www.rmoutlook.com/article/20180515/RMO0801/180519995	5/16/2018 11:59 AM
222	This survey is useless as the Muni will make the decisions anyway.	5/16/2018 11:59 AM
223	Do not restrict the number of shops. Let the market decide. Do not restrict the location except to enforce shops being on the commercial district.	5/16/2018 11:58 AM
224	I believe cannabis sales should be regulated the same way liquor is regulated. Stores should be allowed on any level and they should be able to operate during the same hours as liquor stores.	5/16/2018 11:46 AM
225	No	5/16/2018 11:46 AM
226	All other business in Jasper have no restrictions why should this business once it is legal be any different	5/16/2018 10:56 AM
227	Let the free market dictate the operation of cannabis stores.	5/16/2018 10:44 AM
228	Any restrictions on the sale and use of cannabis should be introduced in conjunction with similar restrictions on the sale and use of alcohol. Anything less would be a policy devoid of reason, based solely on entrenched biases unsupported by evidence.	5/16/2018 10:28 AM
229	There should be a high business license fee in Jasper for cannabis retailers	5/16/2018 10:24 AM

Q8 The Municipality of Jasper should allow cannabis smoking and vaping in the following public places:

#	OTHER (PLEASE SPECIFY)	DATE
1	The elected town council should debate and decide if they can't have a plebiscite.	6/8/2018 4:49 PM
2	Residences	6/8/2018 9:13 AM
3	in personal homes who will tolerate the smell....and be considerate to the neighbors,little children, ect.	6/7/2018 3:51 PM
4	It should not be allowed in area's of children. School playgrounds, playgrounds, sports facilities, sidewalks that are touristy with children etc.	6/7/2018 11:28 AM
5	on the information centre lawn and town trail (of course!)	6/6/2018 10:26 PM
6	Should not be allowed in areas with sidewalk seating, let's change the tobacco use regulations to eliminate smoking in public. Tobacco smoke is more offensive to me personally.	6/6/2018 8:54 PM
7	Make designated areas	6/4/2018 6:31 PM
8	the issue is to ensure no one has to inhale second- hand smoke.	6/4/2018 5:21 PM
9	This was a tough one. I don't even like people smoking cigarettes on the sidewalks.	6/4/2018 4:13 PM
10	I would also want a an on all smoking at Federal public places (beaches , viewpoints).	6/3/2018 5:44 PM
11	public places except parks/green spaces and downtown core	6/2/2018 12:49 AM
12	Should be subject to current smoking regs and liquor consumption laws.	6/1/2018 10:26 AM
13	develop bylaws specifying smoking areas for all (tobacco, vaping & cannabis)	6/1/2018 8:51 AM
14	Homes and private yards.	5/31/2018 7:45 PM
15	No public smoking	5/31/2018 5:31 PM
16	Smoke at home or designated 18+ locals like alcohol.	5/31/2018 5:24 PM
17	Marihuana consumption should not be legal anywhere alcohol consumption is illegal	5/31/2018 4:08 PM
18	private homes only	5/30/2018 3:48 PM
19	Like smoking, allowed in your home or away from public areas	5/30/2018 1:55 PM
20	Specially designated spaces only	5/30/2018 10:29 AM
21	I think out of the downtown core would be best, and away from parks	5/29/2018 5:00 PM
22	Discretion of use should be encouraged. Few if any people enjoy walking through clouds of cigarette smoke, and marijuana smoke should be considered in a similar light.	5/29/2018 1:57 PM
23	Anywhere you can smoke cigarettes, you should be allowed to smoke cannabis	5/27/2018 12:02 PM
24	Don't want it anywhere near where we walk and bike with our kids. Nowhere near restaurant patios.	5/26/2018 11:13 PM
25	Same as liquor laws	5/26/2018 10:45 AM
26	Users will use everywhere anyway, at first....	5/25/2018 5:48 PM
27	The municipality should follow the provincial legislation	5/25/2018 11:32 AM
28	Please do not allow cannabis smoking/vaping anywhere in Jasper.	5/25/2018 9:37 AM
29	Private property only.	5/24/2018 9:02 PM
30	Please treat the same as alcohol	5/24/2018 6:31 PM
31	In private homes.	5/24/2018 4:46 PM
32	Only where drinking liquor is allowed!	5/24/2018 9:59 AM
33	Same as liquor is served , so minors are not subjected to same	5/23/2018 6:36 PM
34	Private property only.	5/22/2018 11:39 AM
35	I agree with following the provincial guidelines	5/20/2018 9:51 PM
36	Treated like alcohol	5/20/2018 8:01 PM

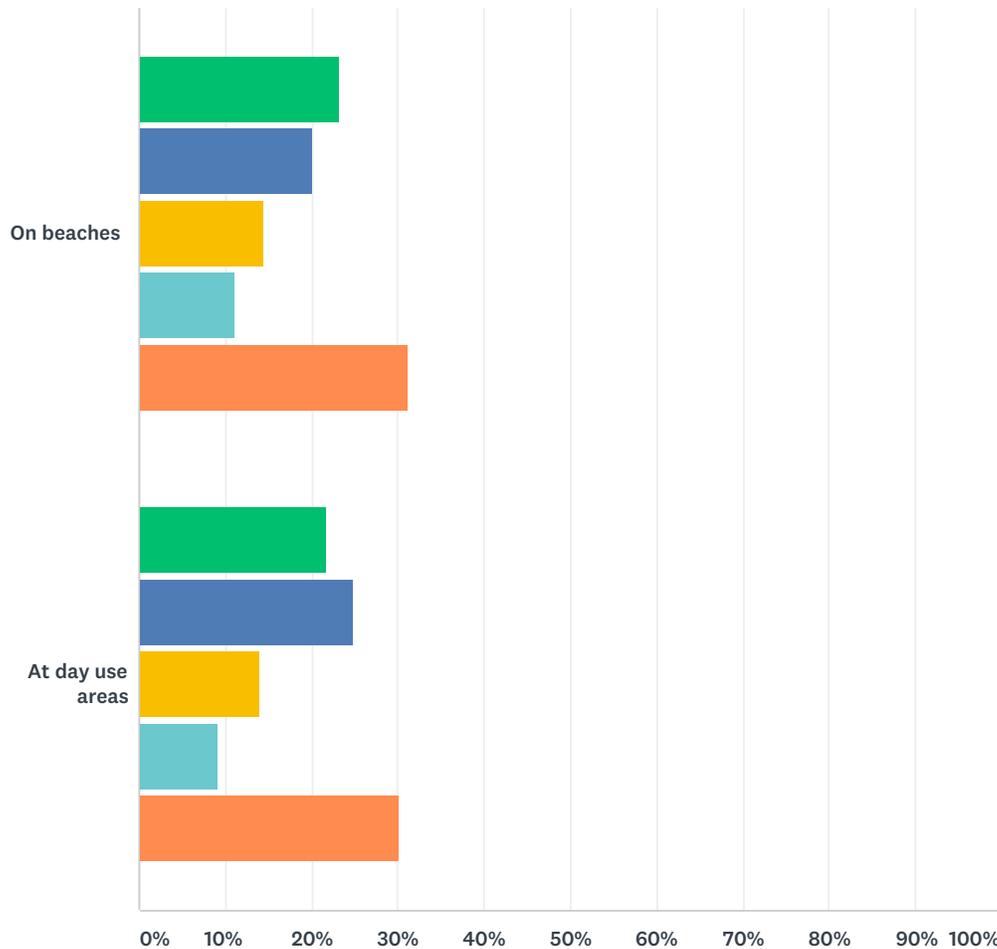

37	I do not want my children exposed constantly. People can continue to smoke in their home and off in the forest areas.	5/20/2018 5:47 PM
38	Be like Banff and do not allow smoking of pot in the town of Jasper. Unless you are on your own property.	5/20/2018 3:35 PM
39	If people can smoke cigarettes in public why not..also people need to have respect for others	5/20/2018 4:56 AM
40	It Should be treated like alcohol. No out in public consumption	5/19/2018 9:28 PM
41	Not within 200m of schoolyards and playgrounds	5/19/2018 7:57 PM
42	Should be same as liquor consumption	5/19/2018 1:31 PM
43	If you don't designate convenient smoking allowed areas and instead focus only on banning areas, you'll waste enormous resources on enforcement.	5/19/2018 11:45 AM
44	Obviously, not allowing it near schools, play grounds and at business entrances (same as cigarettes). Yet, cigarettes are more dangerous, smell worse and people are free to walk on busy sidewalks and blow into peoples faces. Cannabis is cleaner (less ingredients) and smells better and is less dangerous second hand.	5/19/2018 9:34 AM
45	not at transport depots such as greyhound and via where people cant move away from the air pollution	5/19/2018 9:23 AM
46	Private property only	5/19/2018 7:31 AM
47	Should be somehow similar to alcohol regulations.	5/18/2018 8:15 PM
48	essentially the same rules for smoking cigarettes. and def not at childrens play areas	5/18/2018 3:42 PM
49	in your own home	5/18/2018 2:55 PM
50	On local trails should be allowed	5/18/2018 2:38 PM
51	We need to be mindful that vapong and smoking is already happening on the sidewalks and in the downtown core area. Again I hope people are aware of the imapct of the smell will have on those who do not wish to imbide.	5/18/2018 1:23 PM
52	My only concerns lie with stinking up someone else eating their lunch or goingabout their day	5/18/2018 12:53 PM
53	This is a tricky subject. If you ban cannabis smoking and enforce that, you need to enforce vaping and cigarettes! Cigarettes are far the worst of the 3. All smoking should be banned in school areas, 5 meters from store doors, and playgrounds. Also the patch. Create a designated area outside to freely smoke. A social hub, with wifi and concrete game tables. Enforcing rules will keep that illegal stigma around :(5/18/2018 11:57 AM
54	At home and own private property	5/18/2018 6:06 AM
55	Same as tobacco rules	5/17/2018 11:41 PM
56	There shouldn't be any difference between cigaret and marijuana smoking	5/17/2018 9:31 PM
57	Wherever smoking tobacco is permitted	5/17/2018 8:50 PM
58	In designated smoking areas.	5/17/2018 8:24 PM
59	I'm fine with the use of vapor in public areas, as well as vaporized marijuana. However, not unlike cigarette smokers, I don't want to have to walk into clouds of it everywhere.	5/17/2018 6:53 PM
60	Everyone now has grown up being told Cannabis is bad. But our kids will just grow up around it. Knowing that it is for adults only(like alcohol) so I think we shouldn't have to hide away for something that will be legal. Just respect others from second hand smoke, and like cigarettes and alcohol, keep away from children	5/17/2018 10:55 AM
61	Should be limited in the same manner as alcohol consumption	5/17/2018 9:25 AM
62	Should have designated smoking zones, you can't drink in public and I think smoking weed should be controlled in a similar way.	5/17/2018 9:18 AM
63	Should be similar laws to cigarette use	5/17/2018 8:48 AM
64	In designated smoking area	5/17/2018 8:06 AM
65	in the privacy of ones home. Just because people choose to smoke does not mean I choose to inhale it	5/17/2018 7:27 AM

66	Stupid decision to follow tobacco guidelines. Should be the same as alcohol	5/17/2018 7:22 AM
67	If recreational sale is going to be governed provincially like alcohol, then the same rules should apply to consumption in public spaces.	5/17/2018 6:58 AM
68	Trails	5/17/2018 5:32 AM
69	In private homes, as liquor laws.	5/17/2018 1:27 AM
70	Only in business areas legally meant for smoking weed.	5/17/2018 12:24 AM
71	If you can smoke a cigarette there then a joint or what have you should be no different.	5/17/2018 12:00 AM
72	In ones home yes. But not public places. Just like liquor.	5/16/2018 11:53 PM
73	The consideration here is that this is tourist town, and we somehow have to accommodate all sensitivities. I may be an occasional consumer of cannabis, but I do not want to be subjected to smoke wherever I go in town, only when I WANT to be. I would imagine that may be the attitude of most visitors as well. Consider the use of designated smoking areas .	5/16/2018 11:42 PM
74	Same as alcohol	5/16/2018 11:16 PM
75	Anywhere children are in high density cannabis shouldn't be	5/16/2018 10:48 PM
76	Not in any playgrounds	5/16/2018 10:44 PM
77	Treat it like alcohol. Same restrictions apply.	5/16/2018 10:33 PM
78	Lounges	5/16/2018 10:16 PM
79	Exactly like alcohol, no public consumption	5/16/2018 10:14 PM
80	In the privacy of their own home only! I have small kids and they do NOT need to walk through a smoke cloud!	5/16/2018 10:12 PM
81	Distances from schools and hospitals	5/16/2018 10:11 PM
82	Should not be allowed in the off leash dog area	5/16/2018 10:08 PM
83	Parks should be allowed but not within a certain distance from a playground, 50 meters perhaps.	5/16/2018 9:42 PM
84	If this is to be treated like alcohol, it should be done in people's homes or specific smoking lounges	5/16/2018 9:41 PM
85	I don't think people should be able to smoke pot in public for the chance of children or people who don't smoke it at all	5/16/2018 9:16 PM
86	Let smoking patterns unfold naturally and without surveillance. It will sort itself out wherever people are comfortable.	5/16/2018 9:09 PM
87	It would be fantastic if all smoking was ban from the downtown core	5/16/2018 8:52 PM
88	Don't smoke and drive.	5/16/2018 8:12 PM
89	Not in cars or playgrounds	5/16/2018 7:47 PM
90	Due to the fact that bystanders can get a contact high, smoking should be done in private spaces not public	5/16/2018 7:08 PM
91	Do it in your home so it won't bother others, esp where families go to enjoy Jasper	5/16/2018 6:36 PM
92	It should be private not public for all areas	5/16/2018 6:30 PM
93	None. I hate having to explain what that stink is to my children.	5/16/2018 6:13 PM
94	I hope we will have a bylaw that does not allow recreational cannabis smoking and vaping anywhere in Jasper.	5/16/2018 5:44 PM
95	Private homes.	5/16/2018 5:43 PM
96	In a persons place of residence. Not in parks, school yards, activity Center or downtown. It should be treated like alcohol. Drinking in public is illegal smoking pot should be too. I don't want it around my children for multiple reasons.	5/16/2018 5:37 PM
97	wherever cigarette smoking is allowed	5/16/2018 5:26 PM
98	Just not around school locations	5/16/2018 5:01 PM
99	only in places where its ok to drink alcohol in public places	5/16/2018 4:43 PM

100	Should be only in open spaces	5/16/2018 4:03 PM
101	why be hypocrites	5/16/2018 3:28 PM
102	Same as alcohol I think. Can't drink in the street why could you smoke? As for the smoke part same as cigarettes. Only in the comfort of your own home.	5/16/2018 3:24 PM
103	There should be some time limits put in public places in order. For example in the CBD between the hours of 9am and 9pm it should be prohibited	5/16/2018 3:18 PM
104	The reason I disagree with use in the downtown business district is that I think cannabis use should not be permitted in outdoor patios of establishments selling alcohol. I don't think permitting or encouraging the mixing of alcohol to be positive or healthy in any way. I don't want to be subject to second hand smoke from any source tobacco or cannabis.	5/16/2018 3:11 PM
105	smoke at home banned from all public places	5/16/2018 3:02 PM
106	Designated areas	5/16/2018 3:02 PM
107	Should be the same rules as alcohol consumption.	5/16/2018 3:01 PM
108	In the privacy of your own home.	5/16/2018 2:57 PM
109	This is a drug, it does effect people, and children should not be exposed to it. Also, anyone in their teens, including 19 year kids is going to be affecting their ability to learn, this age is not a time to insert drugs into their minds.	5/16/2018 2:41 PM
110	Treat like alcohol and tobacco	5/16/2018 2:37 PM

121	As I don't expect to see any person with open liquor in their hand walking down the street, I would NOT want to walk past puffs off smoke. While I am very open to the selling of cannabis in the townsite, as a parent in the community, I strongly disagree with any public consumption.	5/16/2018 12:38 PM

2	I am not of the believe that extra bylaw officers will be needed to control canabis use when it's legalized. I think we are creating a "chicken little" scenario. The reality is the same people that use canabis now will be the ones that use it when is legalize. As for the RCMP they will have less policing of illegal use. Granted there will be more babysitting but on the hole there should be a net gain in manpower for bylaw or RCMP. The sky is not falling. We live in a democracy based on the rule of law so we should follow the law. We have an elected council. Debate, make your bylaws. Make it simple. Try and get it right the first time. Try not spent extra tax payers money. It's a limited resource.	6/8/2018 4:49 PM
3	Should be in areas (like defined smoking areas)	6/8/2018 3:45 PM
4	We need to protect our children from exposure to this.	6/8/2018 9:13 AM
5	I agree with hiring additional officers if necessary, but I would like to see data on an ongoing basis that justifies the positions added.	6/8/2018 8:53 AM
6	Not a good place or choice, especially with visitation from all over the world and Jasper's record of young people overindulging.	6/7/2018 3:51 PM
7	Don't make rules we cant/won't enforce.	6/6/2018 8:54 PM

14	Enforcing laws in the beginning will be important until everyone settles into this era. I am glad it is now legal.	6/3/2018 5:44 PM
15	Smoking and vaping rules need to be enforced with the same enforcement as drinking alcohol in public. Heavey fines need to be applied. Cigarette smoke laws also need to be enforced. It is illegal to smoke within 5 meters of a business entrance, making smoking in the downtown commercial zones nearly impossible. Jasper needs to do a better job of enforcing existing laws, before attempting to enforce new ones.	6/3/2018 1:07 PM
16	It should not happen. The smoking of Cannibis leads to other crime, drugs, addictions and is ruining our youth and country!	6/2/2018 10:05 PM

18	See above.	6/1/2018 12:57 PM
19	I think people should contine smoking it like they do now, discreetly and away from busy areas because not everyone wants to smell that.	6/1/2018 12:56 PM
20	people will smoke it at will but should be regulated like smoking cigarettes anywhere you can smoke a cigarette should be ok for weed as a tourist town not everybody has a private residence and with no smoking in b&b's or hotel rooms some slack must be allowed for the tourist	6/1/2018 12:18 PM

22	Monitor just like alcohol	5/31/2018 7:45 PM

23	I have kids, I don't feel that I should avoid public spaces just because there is someone smoking marihuana. If you cant get drunk in public you shouldn't be able to get high. I don't want my kids ingesting the second hand marihuana smoke. If people want to do it at their own properties that's fine. I just want to be able to avoid it without avoiding the areas where my family and I frequent.	5/31/2018 7:34 PM
24	I think the laws and enforcement of these laws should be the same as alcohol related offences. There is no need for additional peace officers or RCMP. Infractions of cannabis laws would be treated the same as alcohol related infractions.	5/31/2018 6:56 PM
25	In 5 years, I honestly think this will be a non issue	5/31/2018 6:20 PM
26	IMO the use should be viewed from a tourism/family lense and if it negatively impacts then it should be restricted. I would also like to see an additional town tax placed on cannabis sales with those revenues used to improve town facilities.	5/31/2018 5:31 PM
27	at the end of the day, I don't think you can stop people from smoking cannabis, so let's legalize but as a controlled substance with heavy taxes like smoking. let's make sure those who smoke do not disturb those who don't. (just like me)	5/31/2018 5:24 PM

29	Overall I believe that Cannabis legalization is a terrible idea, however we now have to face the implementation of same. The only course of action is make the most prudent choices in order to protect the rights (and health) of those who do not wish to consume. Smoking in public places or any areas that can be accessible to children and youth should be seen as unacceptable. Any public smoking of marihuana presents a danger to others in the area. Any areas that are designated as Marihuana friendly will run the risk of discriminating against those who do not wish to consume due to the very real dangers associated to second hand smoke and the residual effects of passive consumption. Professional drivers, pilots, even oil field workers are subject to random drug testing, what effect will passive consumption have should they walk through the downtown core outside the bars on a Saturday night and be drug tested on Monday morning. Jasper needs to consider whether it wants to be known as a family friendly mountain destination or a party town. To date the town has accommodated both, marihuana use in public (if allowed) will not be limited to evening hours and the effect on families choosing to come to Jasper will be tangible.	5/31/2018 4:08 PM

31	The smell. It should be kept to a minimum	5/30/2018 7:13 PM
32	Kids are already vaping all over the place now. It is sad to think the town is even considering allowing residents to smoke weed in public places. At the very least restrict it like alcohol consumption.	5/30/2018 3:48 PM
33	Consuming/purchasing cannabis should be approached with the same rules and regulations as we have for alcohol.	5/29/2018 8:30 PM
34	I think once the rules are made as to where cannabis can be used, the RCMP should play the enforcement role locally.	5/29/2018 5:00 PM
35	Hiring additional municipality and rcmp officers is not neccessary. Cannabis is already widely used I Jasper aw legalization will allow cops/by law freedom to focus on other more pressing items like ensuring there are no illegal fires.	5/29/2018 9:43 AM

41	It is a disgusting smell that anyone that comes to Jasper for the fresh mountain air should not have to suffer. I never have seen the harm of pot heads smoking in their own homes as a criminal offence.	5/26/2018 3:01 PM
42	Cannabus should only be smoked in your own home, not in public places. Keep the laws strict for the first few years then review them in 5 years.	5/26/2018 11:39 AM
43	Rules should be the same as for open liquor.the province has got it wrong	5/26/2018 10:45 AM

44	Do not allow.	5/25/2018 7:11 PM
45	not at this time	5/25/2018 2:11 PM
46	I think there will be far less complaints from the public if the consumption areas are limited. Much like tobacco, its going to have a lot of 2nd hand smoke and smell if allowed to be consumed anywhere. Those outdoor seating areas at restaurants are going to get super stinky in my opinion. The users will bend these rules anyway but it may save a lot of complaints at the launch and many users will comply as they'll just be happy it has been legalized and do not want to offend the general public. The problems come, as in the tobacco industry, when there are no restrictions to start and they must be implemented later.	5/25/2018 1:23 PM

53	Please don't let the town turn into marijuana row with stores every where. Control and restrict until we see how this effects the community.	5/24/2018 6:31 PM
54	The province erred in following the tobacco model. Cannabis is an intoxicant as is alcohol and its consumption and use should follow same model of enforcement. There will be an inherent conflict between public consumption of cannabis versus alcohol where alcohol cannot be consumed in public while cannabis can.	5/24/2018 5:18 PM
55	I think it should be managed in the same way as alcohol as it is an intoxicant unlike tobacco.	5/24/2018 4:46 PM
56	Treat it the same as liquor in public places. I am appalled that my 1 and 3 year old children could be exposed to the pharmacological effects of cannabis (against my will) simply by using public spaces. This, in effect, would be equivalent to allowing public drinking of alcohol, and forcing my children to have a drink of it. There is no justification for such policy.	5/24/2018 9:59 AM

62	Avoid allowing cannabis consumption in places where those consuming it are likely to drive afterwards.	5/20/2018 5:57 PM
63	My thinking is: you cannot walk down the street drinking so why would you be allowed to smoke pot on the streets. I should not have to walk past people that are smoking it. It is up to them if they want to, but i don't want to be around it.	5/20/2018 3:35 PM

67	No	5/19/2018 7:16 PM

68	Enforcement is already in play... rather than the money being spent in the courtrooms, it can be used to show more boots on the streets.	5/19/2018 5:39 PM
69	This survey is worded in an extremely biased fashion and purposely focuses only on enforcement from an obvious "cannabis is negative" perspective. You strongly imply that cannabis legalization will have a negative impact on our community. Perhaps the survey designer could take some educational course on how not to taint survey results in order to generate useful data. However, I get the strong impression that the survey results will be skewed to state preconceived notions of a council that has already made up its mind. Let's not forget that legalization of cannabis is what the majority of Canadians want.	5/19/2018 11:45 AM
70	Cannabis and vaping are less dangerous second hand. https://www.theglobeandmail.com/opinion/the-health-hazards-of-vaping-are-overblown/article33703363/ You are also more likely to see littering around town from cigarette butts and beer cans. You will almost never see a roach carelessly thrown on the ground and vaping leaves no litter. Maybe consider more serious fines and addressing the cigarette butt waste that is plaguing our town site.	5/19/2018 9:34 AM
71	i really dont agree with public usage but i think it should be allowed in more places then dangerous drugs like alcohol i dont want to have to avoid people on the sidewalk for my own asthmatic reasons and people should take the same care they should be taking with cigarettes	5/19/2018 9:23 AM
72	No additional resources should be required	5/18/2018 8:46 PM

80	We are not a police state. Cannabis is safe and we do not need to waste our resources on enforcing this. Use the RCMP to protect and serve. We need no protection form something that is harmless. Cannabis taxation should fuel the health care and recreation. Hire nurses ! And a full time mental health nurse. Hire Healthcare not police. Hire more park rangers instead of RCMP.	5/18/2018 11:57 AM

85	I think that creating bylaws regarding smoking and vaping of cannabis in Jasper presents the town with a fantastic opportunity to revisit smoking bylaws in general. The municipal government has committed to supporting its residents "right to breathe clean air" and secondhand smoke - whether it be from tobacco, cannabis, or other substances- on municipal sidewalks, benches, and in public parks (like "the patch") hinders this right for children and all smoke-free Canadians. Other communities in Canada, like Ottawa, have passed such bylaws. I think it's time for Jasper to be a leader in its commitment to honouring the rights of residents and visitors to breathe clean air, and such a bylaw would be a definitive step in this direction. Though likely to be initially met with some grumbling and fear-mongering about economic impact, the way all changes to our smoking laws in Alberta have been (for example, when smoking was going to be banned in restaurants across the province, many restaurant owners spoke out about how they'd need to shut down. Obvious this didn't happen and restaurants are busier than ever!), a complete ban of smoking in municipally-controlled public places would only have a postive impact on the health and well-being of our community. In addition, this would decrease communication hurdles with visitors as Canada's cannabis laws change, as well as enforcement difficulties with detecting cannabis use in banned areas where tobacco is still allowed: it would be as simple as a "NO SMOKING (anything)" sign.	5/17/2018 10:36 PM

102	The cost of the business licence should reflect the additional resource costs for enforcement. These costs should not be borne by the tax payers.	5/17/2018 9:25 AM
103	Yes. I think stores should be allowed to be in discreet locations, due to the perceived negative stigma associated to cannabis users. Consider allowing cannabis smoking lounges. I find cigar and cigarette smoke offensive, yet people can stand around in groups on the sidewalks, spewing their smoke. Smoking of cigars, cigarettes, and cannabis should be all restricted equally in public areas.	5/17/2018 9:18 AM
104	I don't personally smoke weed but I think that we should embrace it. Rules should be strick, with few designated areas and times where it's allowed and heavy fines for people who don't discard of roaches correctly.	5/17/2018 9:18 AM

113	Similar rules to drinking should apply	5/17/2018 7:09 AM

114	There was no space to comment on the Parks Canada section. It doesn't matter what people think they should do. The people who make rules at PC base decisions on information they dissect to curtail whatever decision they already made. The last two questions on this survey are irrelevant until the impact is measured. Otherwise, the way the questions are worded, we are being led to support hiring someone either way. If it is already a problem to enforce anything, then fix it in the jurisdiction where it is needed. Jasper has continually asked for enhanced RCMP enforcement during peak season with little or no help. Why does it matter now?	5/17/2018 6:58 AM

129	All historical marijuana charges should be given pardons.	5/16/2018 10:16 PM
130	Same rules as alcohol you cannot consume alcohol in public places.... the same for for cannabis	5/16/2018 10:14 PM
131	I only support extra funds being used to keep the use away from children. But this is shown not to be the case the tobacco or alcohol. In addition they do little to stop vaping indoors at the present . Additional funds should only be used if proven effective	5/16/2018 10:11 PM
132	It will discourage non smokers from visiting Jasper because the smell affects others in the surrounding area not just the user	5/16/2018 10:08 PM
133	Treat it like tobacco	5/16/2018 10:07 PM
134	No	5/16/2018 10:06 PM
135	Thank you for taking the time to gather the public's opinion. While I acknowledge the importance of policy-making, I would like to encourage flexibility and patience as we may not have a clear understanding of the implications of cannabis legalization until cannabis is, in fact, legalized.	5/16/2018 10:03 PM
136	No	5/16/2018 9:55 PM
137	As much as I dislike the idea of it being legalized it is going to happen so it needs to be controlled right from the start.	5/16/2018 9:48 PM
138	Measures should be taken to keep people from Driving high.	5/16/2018 9:42 PM
139	Cannabis will be bringing in a lot of revenue to those businesses. Those businesses and their customer base should be prepared to cover "all" means of law enforcement to control their product.	5/16/2018 9:41 PM
140	No	5/16/2018 9:30 PM
141	I don't think that we should have this in our town. Without knowing what all the federal and provincial rules are how can the muni or parks do anything yet. DELAY this.	5/16/2018 9:16 PM

142	See how it goes. It might be crazy for the first year and problems are bound to arise as use patterns emerge. Implement rules and regulations if/as needs arise. Coming down hard on cannabis use at the outset defeats the purpose of legalization. Be liberal, let it happen and go from there. I am not a cannabis user.	5/16/2018 9:09 PM
143	Smoking cannabis should have similar rules to alcohol, you can't drink in public, don't smoke in public	5/16/2018 8:52 PM
144	I think Jasper should ban all smoking including tobacco in all public places including sidewalks, streets, back alley's , parks beaches. This would eliminate the need to distinguish the difference between tobacco, pipes, vaping or cannabis and would make it easier to enforce.	5/16/2018 8:47 PM
145	Like drinking in public ,smoking should not be allowed in public spaces. Set up pot cafes like they have in The Netherlands.	5/16/2018 8:44 PM
146	I feel it should be used on private properties just like consuming alcohol. Same rules should apply.	5/16/2018 8:23 PM
147	No	5/16/2018 8:20 PM
148	Marijuana isn't a dangerous substance. Unless the RCMP tries to enforce strict rules. Just like smoking tobacco, some people don't like the smell. So if a law will be in place to limit areas of use; it should be enforced with tobacco smoke aswell	5/16/2018 8:12 PM
149	RCMP nor Bylaw does not need any additional officers! They don't do anything at all, except of driving around town and giving tickets. All that Jasper needs is LESS officers!	5/16/2018 7:54 PM
150	People need to show respect for this beautiful park and town, by keeping it in as natural a state as possible. This means no smoking or vaping. If we have to allow it, it must be within private residences only. Show some respect too for the animals that breathe the air, as well as the rest of the human population, who want to escape the cities for a while.	5/16/2018 7:42 PM
151	Should not be allowed around children so I strongly disagree with it in public places.	5/16/2018 7:40 PM
152	No	5/16/2018 7:24 PM
153	I don't see the need for additional RCMP unless more than necessary policies are placed.	5/16/2018 7:11 PM
154	Of course it comes down to enforcement of whatever rules we have. More so the pity for our resident population who must shoulder this monetary Sisyphean as we brace for tourists and summer staff.	5/16/2018 7:05 PM
155	I think that recreational cannabis should be allowed any place that recreational tobacco is allowed. I would love to see downtown completely smoke free rather than discriminating arbitrarily against the newly legal drug.	5/16/2018 7:01 PM
156	The smoking or vaping should only be as limited as tobacco smoking is now "X" feet from door ways, not where it affects the health and or safety of the public. If you are going to hire more bylaws to enforce unnecessary restrictions then we had better see more tickets handed out to the cigarette smokers for standing too close to doors etc. RCMP should get funding and training to keep drivers from getting behind the wheel under the influence and that's where it should end.	5/16/2018 6:58 PM
157	Very concerned about it being allowed in public places & at public events.	5/16/2018 6:57 PM
158	I wish it wasn't going to be allowed, but it seems inevitable and we need pragmatic solutions. Please ensure its sale and use is limited, confined to peoples' homes and/or limited to specific public areas only. I have little kids and want to enjoy a cannabis free lifestyle. I don't want to smell it and be around it when I am out and about enjoying the outdoors and my town's public places.	5/16/2018 6:36 PM
159	It should be restricted in densely pack residential areas such as condominiums and apartment buildings. I don't want to have the next door tenant's pot smoke coming into my home or blowing towards my child.	5/16/2018 6:36 PM
160	Once again it should follow the same rules and guidelines as alcohol consumption	5/16/2018 6:30 PM
161	No	5/16/2018 6:23 PM
162	Selling it and allowing smoking it in public in Jasper will ruin this place for a lot of people. Most visitors don't come here to be subjected to other people's stench and second hand smoke, but come here for nature and clean mountain air. Legalization is a mistake, allowing it in public is a mistake.	5/16/2018 6:13 PM
163	No	5/16/2018 6:10 PM

164	It should be as normal as smoking a cigarette.	5/16/2018 6:03 PM
165	To each their own so to speak. However, I don't want to be affected by it at all. I don't want to smell it or see intoxicated/stoned people around town. I especially don't want my taxes to go up any further regarding cannabis enforcement!!!	5/16/2018 5:53 PM
166	I hope that Jasper will have a bylaw that prohibits the use of recreational cannabis smoking and vaping in this national park where the wildlife is at risk when people are driving, hiking, biking, and paddling stoned. This is not a good idea. We will also have more issues with mountain rescue in our future if this activity will be allowed in this park. It is not worth it. Please have strict enforcement of any bylaw so that people know it's not a joke. Thank you.	5/16/2018 5:44 PM
167	I believe this legalization is coming in without proper preparation - policy and culture wise. I am fine with municipal bylaws similar to the "liquor rules" but certainly NOT the smoking rules. I am especially concerned about the effects on youth. Normalizing marijuana use in Jasper will do no good for the youth of Jasper.	5/16/2018 5:43 PM
168	Cops need to be on top of the dope... many people will drive and work high. Kids should not have to see or be near that stuff.	5/16/2018 5:23 PM
169	It's should be treated no differently than smoking or vaping. If that's not possible dedicates zones could be implemented in public places.	5/16/2018 5:21 PM
170	None	5/16/2018 5:16 PM
171	Smoking or vaping cannabis should be treated the same as smoking cigarettes. No extra law enforcement needed.	5/16/2018 5:15 PM
172	Minus near school im content	5/16/2018 5:01 PM
173	If its banned in public then enforcement is easier and rules can be clearly communicated and understood	5/16/2018 4:53 PM
174	Thank you for taking the time to create a survey and read my opinions.	5/16/2018 4:52 PM
175	The rules for public consumption should be the same as alcohol	5/16/2018 4:47 PM
176	No	5/16/2018 4:37 PM
177	Should be an rcmp issue. Bylaw shouldn't be involved	5/16/2018 4:03 PM
178	It should follows the liquor rules. It is not allowed to drink alcohol in public, it should be the same for Cannabis. Keep in mind the second hand smoke, pungent smell and also the image we want to give to our kids and youths.	5/16/2018 3:53 PM
179	Maybe restrict the sale of glass pipes to tourists so they are not left on trails and have broken glass left behind...	5/16/2018 3:52 PM
180	Don't allow the sale or use of this stuff anywhere.	5/16/2018 3:45 PM
181	I feel that recreational use of cannabis is surrounded by a stigma, and I feel it is part of the Municipality of Jasper's responsibility to reduce that stigma. To treat it in the same respect as tobacco and alcohol. It also has to be approached in the same way as cigarettes, in that its use cannot offend those who choose not to use it. It should be limited to how close it can be used to doorways, hospitals, schools etc. However I do not feel that it needs to be approached as some dangerous off limits substance as it's use has far fewer consequences than the use of alcohol (think aggression etc). That being said, it does need to have controls in place the same as alcohol and tobacco on how it's sold and promoted.	5/16/2018 3:30 PM
182	drug enforcement is already in place and enforced why hire another useless body.	5/16/2018 3:28 PM
183	Cannabis isn't a drug that makes people agitated or aggressive,if it's legal to buy within a dispensary (which would have there own type of security personnel) I personally Don't see what the need for additional rcmp or bylaw would accomplish. If there is a situation that involves cannabis related crime one could assume it's a theft or something that would ultimately involve the RCMP anyways ?	5/16/2018 3:27 PM
184	No	5/16/2018 3:22 PM
185	I don't think any extra security should be required, did we hire more RCMP or bylaw officers when the smoking bylaws came around? My largest concern is trying to keep the exposure of cannabis to the youth, even if it means keeping loose restrictions around beaches and parks by still maintaining discretion or maybe having a 15 foot radius away from youth.	5/16/2018 3:18 PM

186	Na	5/16/2018 3:12 PM
187	I believe the legalization is positive and am satisfied if the use of cannabis in smoking or vaping form falls under the restrictions applied to smoking tobacco. The only additional consideration I believe is restricting the use of cannabis within close proximity to the sale/ consumption of alcohol at bars and restaurants.	5/16/2018 3:11 PM
188	Shouldn't be allowed	5/16/2018 3:07 PM
189	I agree with with the Federal and Provincial regulations.	5/16/2018 3:02 PM
190	no	5/16/2018 3:02 PM
191	No	5/16/2018 3:02 PM
192	no	5/16/2018 3:01 PM
193	The laws are becoming less, not more restrictive. While there may be a short term increased workload for enforcement as society adjusts to the new rules, this change should not produce any long term increase in calls/response for local bylaw officers or RCMP -more likely the opposite. People have been using marijuana for years, this is just going to shift it out of the black market.	5/16/2018 3:01 PM
194	No	5/16/2018 2:54 PM
195	Don't let it happen	5/16/2018 2:51 PM
196	Rcmp needs to make sure they have the procedures in place to catch drug drivers before we allow it because we will see a hugw uptick in those idiot drivers and they need to be able to be caught and prosecuted	5/16/2018 2:47 PM
197	No	5/16/2018 2:41 PM
198	Canada, and the province are rushing into many mistakes. This drug should be as limited as possible in every way the municipality can. The rules can later be adjusted if there are no issues, but once issues have ocured, you will be dealing with the adverse consequences for a very long time. Many in Jasper don't care, or they like the drug, but it should not be allowed to effect the rest of the community.	5/16/2018 2:41 PM
199	People who rent are already limited to leaving their property and smoking in back allies like criminals , that shouldn't be the case. In places in Vancouver where use is more liberal in public it is actually nice. Cigarette smoke is more repulsive and dangerous. Keeping it away from schools and play grounds seems fair though.	5/16/2018 2:37 PM
200	The new laws are not more important than existing liquor laws. No further enforcement resources required.	5/16/2018 2:25 PM
201	We live in a National Park and pride ourselves with our purity of resources, let's keep it that way and leave the pit business to towns/ cities outside of our boundaries. Visitors come here to appreciate our mountains and clean living.	5/16/2018 2:24 PM
202	I don't think enforcement will be a big issue but would like to discourage use in public places. I just don't like exposure to second-hand smoke. If it happens occasionally and there is not enforcement, it's not a big deal, nor is it worth punishing etc. It should be discouraged with current resources.	5/16/2018 2:07 PM
203	No	5/16/2018 1:56 PM
204	Don't allow it!	5/16/2018 1:54 PM
205	I think that as a busy tourist town it would be prudent to ban cannabis smoking throughout the townsite, although I would be more open to it in residential areas than in the CBD/parks.	5/16/2018 1:52 PM
206	no at the moment	5/16/2018 1:45 PM
207	The effects of cannabis seem to be more similar to the effects of alcohol than to the effects of cigarette smoking or vaping. If I had the opportunity to make the decision, I would restrict cannabis use in the same way alcohol use is restricted - no public drinking or cannabis use. Smoking cannabis is not the same as smoking a cigarette or vaping. One isn't charged for smoking under the influence of a cigarette but one might be charged for smoking under the influence of cannabis. A mind altering drug should not be permitted in public spaces.	5/16/2018 1:37 PM
208	You're too worried about nothing. Cannabis has been around for ages and it isn't going anywhere. See this as an oppourtunity to have some control, without ruining a good thing.	5/16/2018 1:32 PM

209	Cannabis has the potential to impact those nearby through second hand smoke. It's presence in public should be limited; however, ethically we cannot limit it any greater the cigarettes.	5/16/2018 1:20 PM
210	Remember that legalizing Cannabis will take this substance out of the hands of the black market and into the control of the municipality. This is an opportunity to invest in Jaspers future in a safe and harm reductive way. Something Jasper has embraced regarding it's young people for so many years prior to this	5/16/2018 12:54 PM
211	Should not be allowed by schools or playgrounds. I don't want it near my children	5/16/2018 12:28 PM
212	Smoke should be limited within the smoking bylaw. People are allowed to drink legal alcohol in public designated places. Smoking should be only restricted to the areas already in our smoking bylaws	5/16/2018 12:21 PM
213	Hopefully people just use some common sense, out hiking go ahead and smoke and vape, at the beach or the park, if there aren't kids right beside you go for it. If you're sitting beside a family perhaps don't spark up a fatty. Vaping is also more discrete than smoking...	5/16/2018 12:21 PM
214	People are gaping all the time, everywhere. It's not smoking cannabis. But you can cape both non cannabis and cannabis. That will be harder to enforce.	5/16/2018 12:14 PM
215	Like alcohol...not in public - designated areas	5/16/2018 11:59 AM
216	Treat it like Booze and Cigarettes.. simple	5/16/2018 11:59 AM
217	Do not allow smoking in public spaces. Follow the city of Calgary's lead.	5/16/2018 11:58 AM
218	I'm disappointed that the province chose to regulate cannabis as smoking rather than liquor. I believe a lot of issues would have been avoided if it was handled that way. I do, however, appreciate that the municipality is giving the community an opportunity to weigh in.	5/16/2018 11:46 AM
219	no	5/16/2018 11:46 AM
220	I think the rules should follow the rules for smoking cigarettes and drinking alcohol.	5/16/2018 10:51 AM
221	Everyone already smokes cannabis all over the place and I don't see a big problem so we should have a trial period to see how things will change and then decide if we are going to need more enforcement. Also if the police don't need to spend time trying to catch pot smokers and dealers anymore than those hours saved could go towards the enforcement when it becomes legal. We don't need more cops!	5/16/2018 10:44 AM
222	Jasper is well staffed with law and bylaw enforcement officials. No addition resources should be required.	5/16/2018 10:28 AM
223	Smoking and vaping should either be in personal dwellings or an enclosed smoking room, like a bar, downtown with air purification to outside to keep it contained.	5/16/2018 10:24 AM
