His Worship Richard Ireland Municipality of Jasper PO Box 520 Jasper AB TOE 1E0

Dear Mr. Ireland,

I am writing to introduce you to <u>Wellspring Alberta</u>, an extraordinary resource for people living with cancer and their caregivers and supporters.

In Alberta, Wellspring is the only organization that devotes itself exclusively to supporting those facing cancer by attending to the non-medical aspects of living with illness. Our vast array of evidence-informed programs are designed to inform, empower and nurture individuals – to give them a network of resources, tools to manage illness, and a vastly skilled community of support.

If you've heard of Wellspring, you may have heard the good news that last fall, Wellspring Calgary and Wellspring Edmonton merged to form one Wellspring Alberta – a stronger, unified cancer support organization province-wide. This is great news for Albertans and their families who are living with cancer.

At Wellspring all programs and services are offered free of charge and without the need for referral. Those who seek our services can access us at any of our three centres in the province (see addresses below), or join our online community. We are also in the process of establishing satellite Wellspring locations in rural Alberta communities.

Since inception in 2007, Wellspring Alberta has been devoted to its mission to ensure no one has to face cancer alone. After 16 years, we remain steadfast in this commitment and we have expanded and evolved to meet the ever-increasing demand for our services.

This is where I want to ask for your assistance. As Mayor, you have the ability to reach many people and help us to extend this lifeline of support. It is my request that you share the enclosed brochures with any of your constituents who may benefit from the programs, services and supports provided by Wellspring.

I also wish to personally invite you to come and tour one of our three centres, so you can learn about the programs and services we offer and see first-hand the impact of the work we do.

On behalf of those living with cancer and those who love and care for them, I want to thank you in advance for taking an interest in Wellspring, and for helping to ensure no one has to face cancer alone.

With sincere gratitude,

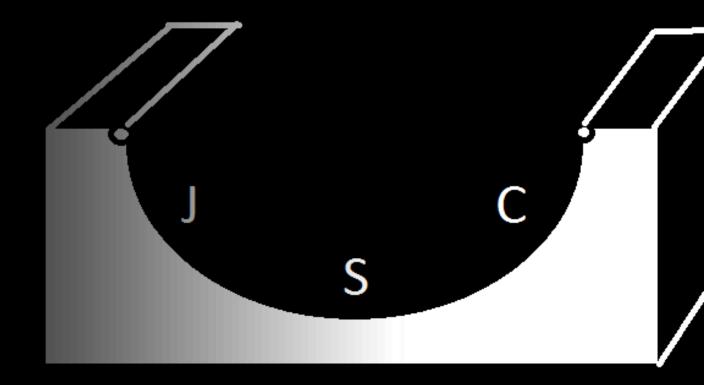

Natalie Noble

Jasper Skatepark Committee

Council Update 2023

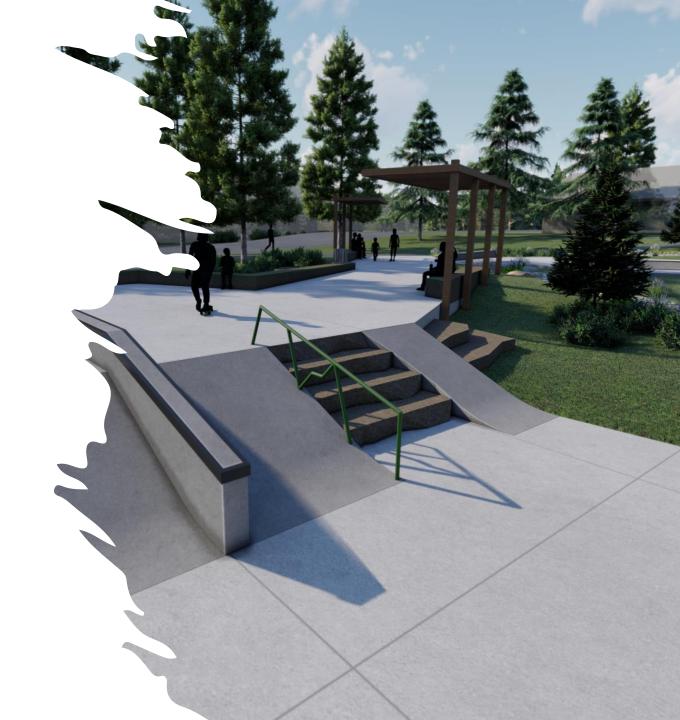

## The Big News!

- 1 Month ago on March 17th 2023 The Jasper Skatepark Committee Received word from the CFEP Small Funding stream that our September 2022 grant application of \$125,000 would be awarded to our committee toward the construction of Jasper's new skatepark!
- With this great news we are now on the homestretch of getting this skatepark built in 2024.
- This Grant puts our total funds currently at \$887,000. Only about \$128,000 shy of our projected \$1,015,000 2024 skatepark build.

# Current Funds Add Up:

- \$125,000.00 CFEP Small Grant 2023
- \$91,363.00 Canadian Healthy Communities Grant 2022
- \$39,490.18 Holdings for JSC at MOJ
- \$30,909.63 JSC Bank Account
- \$300,000.00 Municipality of Jasper commitment
- \$50,000.00 JVFB donation
- \$25,000.00 Jasper Masons Donation
- \$25,000.00 Anonymous donation
- \$200,000.00 2 foundations anonymous donation
- \$300.00 Railroaders in the Community 2023
- TOTAL \$887,062.81

# Things To Note:

- Both the CHCI \$91,363.00 Grant and the \$125,000.00 CFEP Small Grant must be used by September 2024.
- It is beneficial to build the skatepark sooner than later due to rising building costs.
- The Concrete hard structure of the skatepark is our first order of business to cut costs. (approx. \$1,015,000.00). Landscaping will be taken care of after the fact.
- It is important to raise as close to the remaining \$128,000 as we can in order to insure maximum play value and lasting appeal for this 40 year plus landmark skatepark.
- \$1,015,000.00 is an estimate based on projected inflation and not 100% accurate.

# Thanks for your time....

- We should have an updated budget breakdown from New Line soon as Rob from New line is currently getting married in Australia, sorry for the delay I will be sure to email a copy out to anyone who would be interested as soon as it is available.
- We will be in close contact with New line over the next few weeks making sure that we solidify our spot on their 2024 Calander which I have been insured will happen!
- Fundraising, grant writing and local donation canvasing will continue as we make our final push to the finish line.
- Together we will make sure Jasper gets the best skatepark possible!!!

#### **AGENDA ITEM 6.1**

#### **REQUEST FOR DECISION**

Subject: National Volunteer Week

**From:** Bill Given, Chief Administrative Officer

**Prepared by:** Angella Franklin, Recreation Facilities Manager

**Reviewed by:** Christopher Read, Director of Community Development

**Date:** April 18, 2023

#### **Recommendation:**

That Council proclaim April 16-22, 2023 as National Volunteer Week in Jasper.

#### **Background:**

National Volunteer Week is April 16-22, 2023. This week is set aside each year to recognize and thank volunteers around Jasper and Canada for the time and energy they contribute to causes that benefit our communities. National Volunteer Week is also an opportunity to promote the benefits of volunteering to individuals and society.

The National Volunteer Week theme for 2023 is Volunteering Weaves us Together. This reveals the importance of volunteering to the strength and vibrancy of our community through the interconnected actions we take to support one another. These diverse forms of sharing our time, talent and energy strengthen the fabric of our community.

Through volunteering we experience our interconnectedness, making our lives more meaningful. Getting involved in various ways, we find friendship, develop trust, and link our relationships. Threading these connections, we come to belong as we contribute towards the same goals.

Like each individual thread makes weaving stronger, every volunteer's experience, perspective, and abilities add to our collective resilience. Woven together from coast to coast to coast, volunteering reinforces our ability to grow, thrive and create change within our community, province and country.

Knowing our volunteer contributions are valued and meaningful creates a sense of purpose and dedication. From helping build a home, cleaning up a park, or coaching a sports team to cooking for an ill friend, checking in on a neighbour, or helping a stranger cross the street, each action we take impacts our community's wellness, now and for future generations.

During National Volunteer Week 2023, we celebrate our collective impact; through our kindness, generosity and commitment to volunteering, we weave our lives together. In Jasper we are celebrating with a colouring contest and displays up at the Activity Centre, and random draws for community volunteers.

We have included a proclamation and ask that Mayor and Council proclaim this important week to recognize the many contributions of volunteers in Jasper.

#### **Strategic Relevance:**

- Community Health Enable and facilitate events that provide opportunities to increase community connections.
- Community Health Embrace our growing diversity.
- Community Health Leverage and create opportunities for greater inclusion.
- Relationships Communicate and engage with residents.

#### Financial:

There are no costs associated with recognizing April 16-22, 2023 as National Volunteer Week in Jasper.

#### **Attachments:**

**Draft Proclamation** 

WHEREAS, 24 million Canadians generously give their time through formal or informal types of volunteering, contributing close to 5 billion volunteer hours per year; and

WHEREAS, volunteers in Jasper perform many valuable roles in our community such as mentoring our children, supporting those feeling isolated or vulnerable, beautifying our green spaces, and fundraising for our charitable organizations; and

WHEREAS, volunteers in Jasper have stepped up during the COVID-19 pandemic to support families, friends, neighbours, and strangers; and

WHEREAS, volunteers are often actively creating a more diverse, inclusive, and equitable community, standing up to systemic racism, and sharing insights on how to create a more just local society; and

WHEREAS, Jasper's volunteers are individuals, families, workers, retirees, community members of all ages and backgrounds; and

WHEREAS, so many organizations in Jasper rely on volunteers to deliver their unique gifts to our community; and

WHEREAS, the collective result of the work done by our community's volunteers is that Jasper is a more welcoming, inclusive, supportive and desirable place to live for all residents;

NOW, THEREFORE, I Richard Ireland, Mayor of Jasper, do herby proclaim April 16-22, 2023, as National Volunteer Week, and urge my fellow citizens to recognize the crucial roles played each and every day, all year long by volunteers in our community.

Date: April 18, 2023

Signature:

Richard Ireland, Mayor of the Municipality of Jasper

#### **AGENDA ITEM 6.2**

#### REQUEST FOR DECISION

**Subject:** Connaught Utilities Borrowing and Local Improvement

Levy Amending Bylaw

**From:** Bill Given, Chief Administrative Officer

Prepared by: Natasha Malenchak, Director of Finance and Administration

**Reviewed by:** Christine Nadon, Director of Protective and Legislative Services

**Date:** April 18, 2023

#### **Recommendation:**

• That Council give first reading to Bylaw #252, the *Connaught Utilities Borrowing and Local Improvement Levy Amending Bylaw*.

#### **Alternatives:**

Not Applicable

#### **Background:**

In July and August of 2021, Council gave three readings to Bylaw #239 – Connaught Utilities Borrowing Bylaw 2021, and Bylaw #240 – Connaught Utilities Local Improvement Bylaw 2021.

By the time the debenture was applied for, it was determined that the cost of the project would come in under budget, and therefore that the borrowing amount was lowered from \$7,150,000 to \$6,200,000.

In the period between the planning, writing, and receiving approval for the borrowing bylaw and the application process, the interest rate had also changed from potentially being 2.81% to being 3.46%. The debenture was then issued on December 15, 2021, and first payments of principal and interest were due in the 2022 year.

Given that the project was still work in progress during the 2022 year, Administration had to ensure all costs associated were accounted for. The project came further under budget and left an amount of \$289,338.10 in unspent funds. The first year of local improvement payments were offset with these unspent funds and the remainder was used to offset the first year of the municipal payment as initially planned, since the debenture was taken out later than anticipated.

#### **Discussion:**

The amending bylaw before Council for first reading would amend the existing bylaws to show the new figures, which match the borrowing amount needed at the time of issuance, and the new adjusted Local Improvement Levy to be applied to tax notices for the remainder of the borrowing term (2023 and beyond).

#### **Strategic Relevance:**

Organizational Excellence:

• Ensure residents receive quality service that provides strong value for dollar.

- Proactively plan for and invest in the maintenance and management of our natural assets and built infrastructure.
- Pursue alternative revenue sources and equitable distribution of costs.

#### Housing:

• Invest in infrastructure to support housing.

#### **Inclusion Considerations:**

• The Municipal Inclusion Assessment Tool is applicable to this recommendation.

#### **Relevant Legislation:**

Alberta Municipal Government Act Use of borrowed money Section 253

- (1) Money obtained by a municipality under a borrowing must be used for the purpose for which it is borrowed.
- (2) Money obtained by a municipality under a borrowing for the purpose of financing a capital property may be used for an operating purpose if the amount spent is available when it is needed for the capital property.

#### Financial:

The local improvement levy will be applied to the 2023 tax notices for the applicable parcels for the term of the debenture.

#### **AGENDA ITEM 6.6**

#### REQUEST FOR DECISION

**Subject:** Alberta Municipalities Resolutions 2023

**From:** Bill Given, Chief Administrative Officer

**Prepared by:** Christine Nadon, Director of Protective & Legislative Services

Christopher Read, Director of Community Development

**Reviewed by:** Emma Acorn, Legislative Services Coordinator

**Date:** April 18, 2023

#### **Legislative Committee Recommendation:**

• That Council approve the *Protection for Vulnerable Residential Tenants* resolution for submission to Alberta Municipalities as presented.

#### **Alternatives:**

- That Council propose edits to the draft resolution;
- That Council direct Administration to discontinue work on this item; or
- That Council pursue alternative engagement opportunities towards the *Support for Victim Services in Alberta* matter.

#### **Background:**

Members of Alberta Municipalities have an opportunity to present resolutions at the annual conference to address topics of concern affecting municipalities in the province. These resolutions help direct the Alberta Municipalities board of directors to advocate to the federal and provincial governments on their members' behalf.

The deadline for submitting a resolution for consideration at the Alberta Municipalities 2023 Annual Convention is Wednesday, May 31, 2023. Resolutions must be approved by the council of the sponsoring municipality, and seconded by an additional municipal council. At the March 14, 2023 Committee of the Whole meeting, Council passed the following motion:

- That Committee direct Administration to draft resolutions on the following items for the 2023 Alberta Municipalities to present at the next Legislative Committee meeting:
  - Victims of crime/trauma services
  - Rent control in Alberta

Administration prepared draft resolutions which were considered and reviewed by the Legislative Committee on April 4 and April 11, 2023. Following this process, Administration sought input from Alberta Municipalities on the draft resolutions. The feedback received indicated support for the *Protection for Vulnerable Residential Tenants* resolution, and suggested that an <u>existing and current resolution</u> was already in place for the *Support for Victims of Non-Criminal Trauma* resolution (put forth by the Town of Canmore in 2022).

#### **Discussion:**

After discussing the rent controls matter further, Legislative Committee members elected to focus a resolution on the protection of vulnerable residential tenants, which is defined as those spending more than 30% of their income on rent and utilities. Instead of advocating for a specific measure to be implemented (i.e. rent control), the resolution now focuses on protective measures for vulnerable residential tenants, which would take many forms.

The Support for Victims of Non-Criminal Trauma resolution is also attached to this report for information, although following input from Alberta Municipalities on the matter, it is no longer recommended for approval by Council in view of the fact that an existing resolution from the Town of Canmore is still active. Since the submission of the Canmore resolution, the Government of Alberta has confirmed that there will not be a change in scope (namely towards victims of non-criminal trauma, who will still be covered) and committed to further consultation with municipalities.

Alberta Municipalities has suggested that "if Jasper has strong feelings about the redesign other than the scope, or if there are questions about the proposed model that are not addressed in the presentation" (attached), Council's feedback could be submitted directly to Alberta Municipalities, who would use the input to inform ABmuni's participation in upcoming engagement opportunities.

The latest information available on the victim services file is attached to this report.

#### **Strategic Relevance:**

- Community Health
  - Take proactive steps to reduce the risk of people becoming vulnerable and respond when they are vulnerable.
  - o Recognize the fundamental importance of our tourism economy.
- Relationships
  - Collaborate with other municipalities, orders of government, indigenous partners and advocacy associations.
- Advocacy
  - Strengthen our voice by partnering with those who share our interests.
  - Contribute our voice to support community, industry, and partners in their advocacy efforts.

#### **Follow-up Actions:**

- Find another community to second the Protection for Vulnerable Residential Tenants resolution; and
- Submit the resolution to Alberta Municipalities before May 31, 2023

#### **Attachments:**

Title of resolution: Protection for Vulnerable Residential Tenants

Moved by: Municipality of Jasper

Seconded by: TBD

**WHEREAS** the *Alberta Residential Tenancies Act* provides few protections for vulnerable residential tenants;

**WHEREAS** residential tenants in Alberta communities are vulnerable to unregulated annual rent increases, which can result in increased negative outcomes for Albertans, and for the communities in which they reside;

WHEREAS affordable housing for families, seniors and individuals is defined as housing that costs not more than 30% of a household's total annual income, including heat, water and sewer expenses;

**WHEREAS** residential tenants required to spend more than 30% of household income on rent are increasingly vulnerable;

**WHEREAS** it is within provincial authority to protect vulnerable residential tenants through legislation, and it is also within provincial authority to create or increase rental subsidies and other housing supports to the most vulnerable Albertans;

IT IS THEREFORE RESOLVED THAT Alberta Municipalities advocate for the Government of Alberta to amend existing legislation or pass new legislation to increase protection for vulnerable residential tenants;

**BE IT FURTHER RESOLVED THAT** Alberta Municipalities advocate for the Government of Alberta to create or improve financial supports available to vulnerable residential tenants; and

**BE IT FURTHER RESOLVED THAT** Alberta Municipalities advocate for the Government of Alberta to continue its work improving the availability of affordable housing for vulnerable residential tenants.

#### **BACKGROUND:**

- When rent exceeds 30% of household income, a variety of individual and social issues arise, including:
  - Increased mental health crisis and anxiety around experiencing homelessness and paying rent or bills;
  - Increased access to foodbank and food recovery programs;
  - Increased need for donated or free personal hygiene products;
  - Decreased ability to pay for childcare and extracurricular activities for children;
  - Decreased ability to engage in community activities;
  - Increased applications to Alberta Supports and seniors housing authorities for rent subsidies;

- Increased job hunting for sufficient income;
- o Increased waitlists for Social Housing;
- o Increased negative impacts on employers; and
- Decrease in community stability, including families and individuals having to relocate.
- Other jurisdictions have recognized the need for provincial protections for vulnerable residential tenants, such as British Columbia; Manitoba; Ontario; and Prince Edward Island.
- This resolution should be given high priority as it both impacts our most vulnerable residents in all Alberta communities, and negatively impacts our local and provincial economies.
- This issue and call to action align with the Alberta Municipalities strategic initiatives of Welcoming and Inclusive Communities (WIC) and Social Issues Scoping.

Title of resolution: Support for Victims of Non-Criminal Trauma

Moved by: Municipality of Jasper

Seconded by: TBD

**WHEREAS** the provincial changes to victim services announced in 2022 outline a clear distinction between victims of crime and victims of non-criminal trauma;

WHEREAS the changes to victim services announced in 2022 include the condition that victim services support in communities are no longer permitted to support both victims of crime and victims of non-criminal trauma, including funding, structure, and personnel both paid and volunteer;

WHEREAS the changes to victim services announced in 2022 also severely reduce the pool of trained and available staff and volunteers, especially in smaller communities, to support victims of non-criminal trauma;

WHEREAS the Honourable Mike Ellis, Minister of Public Safety and Emergency Services, in a letter to Alberta municipalities from December 2022, wrote "I recognize that services other than those provided solely to victims of crime, such as for victims of non-criminal trauma, are incredibly important to Albertans";

WHEREAS these changes to eligibility have now made victims of non-criminal trauma also victims of a system's gap;

WHEREAS the changes to victim services announced in 2022 result in no direct provincial funding or operational support to victims of non-criminal trauma;

WHEREAS the above conditions severely restrict local crisis teams in their ability to provide supports and services to victims of non-criminal trauma, especially in smaller communities in Alberta, resulting in a gap in services in Alberta communities;

IT IS THEREFORE RESOLVED THAT Alberta Municipalities advocate for the Government of Alberta to ensure victims of non-criminal trauma have access to the same supports and services as victims of crime, including necessary amendments to the Victims of Crime and Public Safety Act.

**BE IT FURTHER RESOLVED THAT** Alberta Municipalities advocate for the Government of Alberta to provide an adequate funding source and guidelines for communities to create and sustain their own parallel system of support for victims of non-criminal trauma; or

**BE IT FURTHER RESOLVED THAT** Alberta Municipalities advocate for the Government of Alberta to allow Victim Services Units to include crisis support for victims of non-criminal trauma in addition to supporting victims of crime.

#### **BACKGROUND:**

- In 2022, the Minister of Public Safety and Emergency Services announced a change to a
  regional governance model for police-based victim services units. While this represents a
  significant change in the model, the main concern from municipalities is around the new
  proposed funding structure, which leaves victims of non-criminal trauma with little to no
  support at a time when they need it most.
- The change in area of focus and services provided leaves a gap in services in many communities, resulting in an increase in demand for municipal social services and municipal funding contributions to local crisis teams, which is effectively a form of provincial downloading. Services and support for victims of non-criminal trauma continue to exist despite the lack of funding available to provide them.
- This resolution should be given high priority as it is, in some cases, resulting in Albertans not receiving the support when experiencing a non-criminal traumatic event. When support is available, it is often limited and funded directly by municipalities.
- This issue and call to action align with the several Alberta Municipalities strategic initiatives, including Policing and Justice, and Social Issues Scoping.
- The Town of Canmore, seconded by the Town of Tofield, put forth a Victim Services Redesign resolution in 2022, advocating for "the Government of Alberta to halt the rollout of the new victim services model and initiate a new engagement process that involves municipalities of all sizes, ensures downloading to municipalities does not occur, explores how the current model could be maintained and adapted, and includes support for victims of tragedy." Based on the latest correspondence from the Minister of Public Safety and Emergency Services, the Honourable Mike Ellis, this has not happened and the issue is still pressing for Alberta municipalities.
- The Rural Municipalities of Alberta have an active resolution on this issue, which was put forward by Northern Sunrise County at the spring conference. The resolution advocates for maintaining the current model of victim services program delivery and providing direct assistance to communities that are struggling to operate.
- Providing adequate trauma-related services to Albertans aligns with provincial efforts towards harm reduction, supporting individuals in need before they potentially become criminalized.

### Background to the Victims of Crime Review

### Government's Platform Commitment

 to "Conduct an immediate review of the current model of victim service delivery, victim assistance funding, and victim compensation to ensure there is necessary assistance to victims of crime."

#### MLA-led Victims of Crime Review

- Conducted in 2020-21 and included a total of 40 engagement sessions with approximately 150 stakeholder groups.
- Identified gaps in the services and supports available for victims of crime.
- Informed the 19 recommendations within the "Recommendations on Victim Services: Report to Government" (MLA Report), completed in 2021.

## MLA Review – Service Delivery Model

### Stakeholder input indicated that:

- Any new service delivery model for Police-based Victim Services Units (VSUs) should:
  - Encourage consistency in services.
  - Reduce administrative and service duplication.
  - Include sustainable paid staffing.
  - Reduce over-reliance on volunteer advocates.
  - Include longer-term funding arrangements to provide greater operational stability.
  - o Address the reluctance of some victim-serving organizations to collaborate.

### **MLA Recommendations**

#### **Recommendation #3**

- Develop a Sustainable Service Delivery Model that:
  - o Reflects Nuances for Rural, Urban and Metro Communities, but
  - Ensures Equitable Service for Victims.
- Adopt a hybrid governance model constituting:
  - A municipal approach for mid-sized and metro communities, and
  - A zonal approach for smaller communities.
    - zones should align with police service delivery regions instead of municipal boundaries

### **MLA Recommendations**

#### **Recommendation #4**

- Create a stable funding stream for police-based victim services
  - o allocated through long-term grant agreements (e.g. 3-5 years)

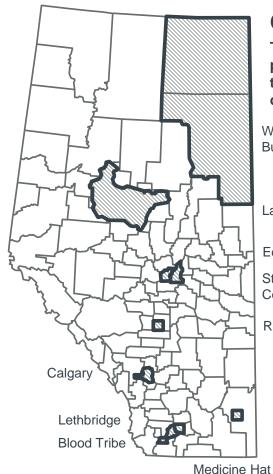

#### **Recommendation #9**

- Develop a consistent volunteer advocate policy
  - for the new zonal organizations and for municipally/Indigenous run programs
  - to facilitate consistency with recruitment and training practices

#### **Recommendation #10**

Explore Ways to Ensure Even Application of Court Support Programs

### **Current state:**

The 9 Municipal / Indigenous operated VSU programs (shaded areas) on the left, will not transition to the new regional governance organizations.

Wood Buffalo

Lakeshore

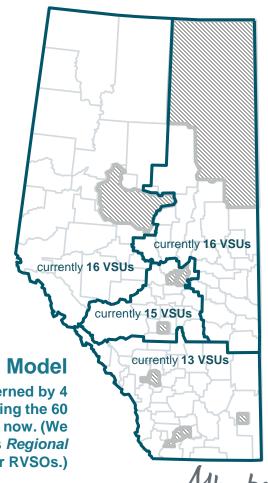

Edmonton

Strathcona County

Red Deer

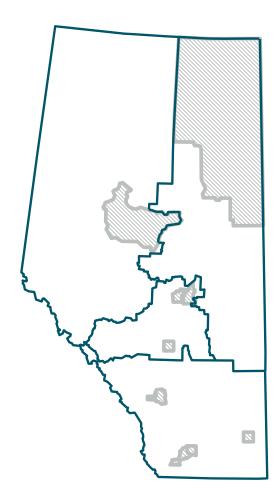

### **Regional Governance Model**

The 4 zones shown to the right will be governed by 4 new district-based societies, replacing the 60 detachment-based societies in operation now. (We will be referring to these new societies as Regional Victim Serving Organizations or RVSOs.)

7

Classification: Protected B

# Each regional society will have its own **Centralized Professional Support staff (CPSS)**:

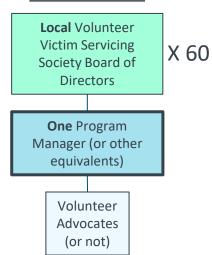

- Chief Executive Officer (CEO)
- Human Resources Business Partner
- Finance Officer
- Equity, Diversity, Inclusion, and Accessibility Specialist
- Director of Regional Operations
- Justice Navigation Program Coordinator
- Regional Volunteer Advocate Coordinator
- Qualified Legal Resources
- Office Administrator

# **130 to 150 Victim Caseworkers (or full and part-time equivalents)** will:

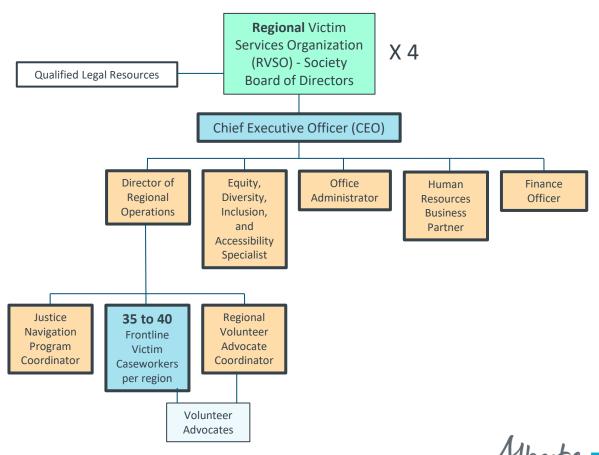

- continue to work from their own communities,
- alongside volunteer advocates,
- co-located within their local RCMP detachments, and
- report to their regional CPSS

#### **Current state**

### **Regional Governance Model**

Classification: Protected B

- Is the delivery of police-based victims services transitioning to a single, government-run service?
  - No. RCMP-based victim services for Alberta's smaller, rural and remote communities will continue to be society-led, governed by 4 new and integrated regional societies to replace the 60 independent societies in operation now.
- Will Victim Services be removed from our local community?
  - No. Only board governance is being centralized; frontline caseworkers remain local and continue to be co-located with local police and local volunteer advocates.
- Will there be a reduction in scope of services (non-criminal and tragic events)?
  - No. There will be no reduction in the services currently provided. In fact, the new
    model has been designed to stabilize and improve programs above and beyond
    what is offered under the current governance structure

#### Will there be fewer staff?

 No. Total staffing will see material increases for frontline service delivery. In addition, new positions have been created via the new CPSS teams.

### Will current VSU staff lose their jobs?

 Once the new regional zones are established, each current serving staff member will be invited into an interview process prior to the posting of any of the new frontline positions.

# • Will municipalities be forced to pay for the provision of victims services under this new model?

- No. The new regional model is designed and funded such that no supplementary funding will be required from any of the municipalities serviced by the zones.
- Municipalities that currently operate their own VSU's and that provide supplementary funding will continue to do so.

Alberta

#### Will Victim Services be maintained 24/7?

 As part of their operational and staffing plans, we will be requiring the new regional executive teams to create comprehensive stand-by and call-out protocols

### How will volunteers be managed/supervised/recognized for their service?

- Each CPSS will include a Regional Volunteer Advocate Coordinator, responsible for the overall regional advocate program, including standardized recruiting, training, deployment, and volunteer appreciation strategies.
- Day to day functions, such as scheduling, re-scheduling, and post-deployment debriefings will still occur at a local level and will be the responsibility of a local, detachment-based victim caseworker

- If this redesign is not in place by April 2024, will existing service models be provided with grant extensions to ensure a seamless transition to the zonal model?
  - Yes. We will take the necessary steps and the appropriate time required to ensure that current frontline victim serving staff are able to transition with little to no impact on their clients.
- Some VSUs offer enhanced services (such as a trauma dog program). What provisions are in place to accommodate this type of enhanced service?
  - Discussions with current society boards are already in progress around opportunities for existing societies to redefine their purposes in order to continue providing valuable community-based services.

### How will finances be managed at the zone level?

- The new societies will participate in direct, long-term, and detailed funding agreements with the Ministry.
- Overall financial management will be the responsibility of the new society boards and executive staff.
- How will the Regional Office locations be selected/determined? Will it be an open and transparent process?
  - We are working with current VSU personnel participating in advisory capacities to inform final decisions around central office locations.
- Will the new VS zone model be responsive to local needs/priorities?
  - The new structure is designed to respond in real time to inputs from advocates, frontline staff, the RCMP, and board representation from all over the region.
